EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Alfred A. Fressola on January 08, 2007.

The application has been amended as follows:

The Title has been changed to: "Method for processing pulp"

Non-elected claims, claims 8-15, have been cancelled.

2. The following is an examiner's statement of reasons for allowance: applicants arguments presented in the amendment filed on October 17, 2006 are convincing. The prior art fails to teach or fairly suggest the dispersing of a pulp as claimed. Specifically, the closest prior art does not teach the pumping of the dispersed slurry with running wheel that act as a pump as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
